Purpose

This Memorandum of Understanding establishes an agreement between AviationUniversity.com and Civil Air Patrol. This agreement establishes a partnership in support of the AviationUniversity.com mission to support online aviation learning and Civil Air Patrol's mission to carry out its Congressional mandate to encourage and aid citizens of the United States in contributing their efforts, services, and resources in developing aviation and to provide aviation education and training.

Background

AviationUniversity.com (AVIATIONUNIVERSITY.COM) and Civil Air Patrol (CAP) share common goals of promoting aerospace interests and developing programs to benefit educators and students. These programs contribute to the goals of a diverse, qualified aerospace workforce for the future. In support of these goals, both AviationUniversity.com and CAP's Aerospace Education Programs develop and execute outreach initiatives that provide the public aerospace educational opportunities, information, and experiences that create a better aviation informed society and assist students pursuing interests in aviation careers that might otherwise be unattainable. This partnership is an opportunity to establish a working relationship to which each organization brings its unique expertise, experience, and resources in support of common goals. This collaboration's synergy will enhance community outreach initiatives provided by both organizations.

The collaboration between AVIATIONUNIVERSITY.COM and CAP will create programs that will strengthen community outreach and will include, but are not limited to, the following:

- CAP will provide Journey of Flight textbook PDF files to AVIATIONUNIVERSITY.COM by 1 Nov 04.
- AVIATIONUNIVERSITY.COM will transfer Journey of Flight textbook PDF files onto a secure web site hosted by AVIATIONUNIVERSITY.COM with domain name to be agreed by CAP by 15 Dec 04.
